## There is a Difference Between Wagons

A cheap wagon looks about as good as a *Studebaker* when it is new,—but it won't compare with a *Studebaker* after several years wear;

And what is more,

The chances are that what you have paid on it for repairs, added to the original cost, would be more than we would ask for a new

*Studebaker*  
WAGON

The cheap wagon is "played out" in a few years,

But,

The *Studebaker* will be practically as good as new.

The prudent farmer buys the wagon that will do his work well and wear well.

He buys a *Studebaker*.

## "Pittsburgh Perfect" Fences

For some time we have been investigating a New Idea in Wire Fencing. After a most careful examination we have been convinced that we have found the best field fence manufactured. "Pittsburgh Perfect" is made of all galvanized steel wires. It is the only fence welded by electricity. Every rod is guaranteed perfect. All large wires, the stays being the same size as line wires. It has no wraps to hold moisture and cause rust.

### The Dryer Barbecue.

The Gazette man and a number of other citizens of Shiner boarded autos and hied them to the Dryer suburbs last Thursday to be present at the barbecue to be given by the enterprising citizens of that community. We must confess that we were greatly surprised to see the large

other places. The to be full of people. A large number of automobiles were there and buggies and horses without number.

How the people of such a small community managed to entertain and feed such a large crowd is a mystery to us. The entertainment would have done credit to places as large as Shiner or Yoakum, but Dryer is noted for pulling off affairs of that kind and they understand exactly how it ought to be done. The smell of the barbecued meats was appetizing as was also the taste. The supply of bread, pickles and coffee was also on hand and the waiters did their best to supply the wants of the large crowd.

The crowd was so large it was impossible to get around among them. The following attended from Shiner: Messrs. C. H. Flato, Ed. Fertsch, Ed. Niemann, C. L. Williams, Wm. Zappe, J. C. Blohm, F. P. Luck, Tom Bailey, Joe Macha, Ad. Darilek, Ben Stock, Dr. Gus Schulze, Dr. F. W. Ledbetter and others, but we failed to find them in the crowd. Dryer is to be congratulated in pulling off such a successful affair.
